Grey House Canada announces the Fourteenth Edition of *Canadian Environmental Resource Guide*

Grey House Publishing Canada is proud to announce the publication of the Fourteenth Edition of *Canadian Environmental Resource Guide*. Previously published by Micromedia/ProQuest, *Canadian Environmental Resource Guide* is Canada's most complete and only national listing of environmental associations and organizations, government regulators and purchasing groups, product and service companies, special libraries, and more.

This fourteenth edition of the *Canadian Environmental Resource Guide* is the second edition to be published by Grey House Publishing, but the first to have been revised, reorganized and enhanced with more listings, new sections and four-color maps and statistics. This directory provides a unified database and a number of organized approaches to the search for information on environmental matters. This 2009/10 edition of this significant work includes a total of 10,111 entries – arranged into 4 main sections and 19 subsections. Indexes within each section, as well as at the end of the directory, make navigation quick and easy.

In addition to more content, this year's *Canadian Environmental Resource Guide* has been rearranged for better accessibility, and the pages display a new typeface and divider bars to quickly distinguish different levels of entries. A main Table of Contents, four individual Table of Contents, and a comprehensive Entry Name Index, make navigation of the massive amount of material easier than ever before.

Section I of *Canadian Environmental Resource Guide, Environmental Up-Date 2009*, is a relatively new section. This section summarizes major environmental issues, including regulatory trends, company contracts, critical decisions and more. There are 25 New Ranking Charts that add to the already 80 plus Statistical Tables, Biographies of prominent Canadian environmentalists, and 24 full color Maps. Updated and expanded elements from previous editions include *Trade Shows*, *Environmental Abbreviations*, and *Government Acts & Regulations*. The robust, impressive look in to the *Directory* will prove to be a section for continual reference all year long.

Grey House Publishing Canada Announces the Fourteenth Edition of *Canadian Environmental Resource Guide*

Section II, *Environmental Government Listings*, starts with a *Quick Reference Guide* to environmental agencies. You'll find current, comprehensive information on all Federal, Provincial, and Municipal agencies that deal with environmental issues. This rich data for Municipal listings include water and waste treatment information, landfill statistics, and much more.

Section III, *Environmental Information Resources*, has three main components: Associations, Libraries and Publications. The 2,160 associations are arranged alphabetically, and are indexed by subject and then separately by acronym. The 1,187 special libraries and resource centres, are arranged by subject, and indexed alphabetically. This section also includes environmental magazines and journals, as well as distribution outlets for government publications. Rounding out this section are 7 alphabetical indexes; Subject, Libraries, Acronyms, Publications (NEW), Programs (NEW), Foundations (NEW), and Research Centers (NEW).

The fourth and final section, *Environmental Products & Services*, has 3 indexes: *Product/Service*, *Geographic* and *ISO* that provide access to the 3,178 manufacturers and service companies that are listed alphabetically and indexed by subject, location, and then ISO. Following the companies is a listing of law firms across Canada with an interest in environmental law, each are arranged by subject and indexed alphabetically.

Completing the 2009/10 edition is the *Entry Name Index* and a brand new *Executive Name Index*. The *Entry Name Index* is alphabetical list of all 10,111 entries, provides a quick and easy way to access any listing. The *Executive Name Index* lists all 17,850 key executives alphabetically.

The 2009/10 *Canadian Environmental Resource Guide* is also available as part of Grey House Publishing Canada's Canada Information Resource Center (CIRC) on the web (www.greyhouse.ca) where subscribers have full access to this rich database right at their computer. Trial subscriptions are available to the CIRC database by calling 866-433-4739.

This thoroughly-researched and comprehensive volume is an asset to anyone with an interest in the environment, especially those doing business in the environmental industry, those looking for contacts in environment-oriented government, and activists or scholars involved in environmental studies and political action. Listings included in this 2009 *Canadian Environmental Resource Guide* offer much not only to Canadians attuned to environmental needs and causes, but to their counterparts in the United States as well. This title will be a valuable addition to any public library, academic libraries serving environmental studies programs, and the libraries of businesses that provide or utilize environmental products and services.
