*Educators Resource Directory***

Sedgwick Press, an imprint of Grey House Publishing, is proud to announce the publication of the Eighth Edition of *Educators Resource Directory*. *Educators Resource Directory* is a comprehensive volume providing resources and information for education professionals in a variety of fields.

With over 6,000 entries, organized into 21 chapters, it would take many hours of searching through multiple resources to uncover all the information presented in this one, easy-to-use volume. We've also expanded this new 2009/10 edition to include Canadian resources, and have added listings to several chapters.

Educators Resource Directory begins with updated information on No Child Left Behind (NCLB) legislation, along with helpful definitions of terms used in the legislation and federal, state and local NCLB criteria. Additionally, this edition includes new information from the Department of Education: *Mapping America's Educational Progress 2008*.

The directory section of this 2009/10 edition follows the NCLB information, and contains the nearly 6,200 listings included in the book. Section I: Resources, contains chapters 1-13, which cover topics such as:

- Associations & Organizations: divided into 18 categories and including over 100 Canadian educational associations.
- Conferences & Trade Shows: over 200 listings are organized by international, national and regional categories.
- Consultants: offering information on nearly 200 firms
