**Grey House Publishing announces the Ninth Edition of
*Food & Beverage Market Place***

“Provides a useful source book of companies operating in the US that provide brand name food and beverage products... This useful reference source for business professionals provides a single source for locating information on this large industry. Recommended for academic, public and corporate libraries.”

Grey House Publishing is proud to announce the publication of the Ninth Edition of *Food & Beverage Market Place*. This is the most comprehensive resource of food and beverage manufacturers and service suppliers.

This 2010 *Food & Beverage Market Place* provides detailed profiles of 38,519 companies for complete coverage of eight crucial aspects of this dynamic industry – finished goods and ingredient manufacturers, equipment and supply companies, food transport, warehousing, wholesalers, food brokers, importers and exporters. Each of the eight chapters reflects our yearlong research efforts. There are nearly 400 new listings and 16,754 more contact listings throughout all three volumes.

Volume 1 covers 15,822 **Food, Beverage & Ingredient Manufacturers**. The first section is a list of all the categories in which the products are listed. These categories range from Abalone to Zinc Citrate, and every product in between. The second section is a list of all the manufacturers associated with the products listed in the first section. These manufacturers are listed alphabetically by Product Category, here’s where you will find an abbreviated company entry, to easily contact manufacturers within a specific product category. Also, this section is in a layered list format, for example – to find Abalone Fish you would find it under Fish & Seafood: Fish: Abalone or to find Zinc Citrate it would be under Ingredients, Flavors & Additives: Vitamins & Supplements: Zinc Citrate. The third section is an A to Z list of the over 15,000 food and beverage manufacturers—all those which are listed in the second section.

These profiles include complete contact information; key executives and company data such as estimated annual sales, number of employees and brands produced. Volume 1 also includes four indexes, making it easier for the user to locate the exact listing they are looking for. These indexes are a Brand Name Index, an Ethnic Food Index, a Geographic Index broken down by state and a Parent Company Index.

Volume 2 covers **Equipment, Supply & Service Providers**. It begins with a product category list, which includes everything from Adhesive and Backers Magnet Label to Vacuum Bags and Zipper Application. The second section, as in Volume 1, is the list of producers for each product in the first section. The third section contains 13,374 company profiles within this volume, again including basic contact information along with company data as outlined above. Volume 2 features two indices: Brand Name Index and Geographic Index.

Volume 3 covers **Third Party Logistics**, including sections for brokers, importers and exporters, transportation firms, warehouse companies and wholesalers and distributors. Each section follows a similar format, beginning with an A to Z list of company profiles and ending with indices specific to the section. For example, Importers and Exporters, which is the largest section in this volume, at nearly 10,000 listings, contains an Export Region Index and an Import Region Index. Brokers, which is the smallest section in this volume at nearly 1,500 listings, contains a Broker Market Index and a Brokered Product Index.

As the wants and needs of the population continue to change, the food and beverage industry—and *Food & Beverage Market Place*—continues to keep pace. From raw materials and ingredients through packaging to marketing, distribution, transportation and storage, no other reference source has as much to offer in such a convenient package as the 2010 *Food & Beverage Market Place*.
