**Grey House Publishing announces the Fourth Edition of
*The Grey House Homeland Security Directory***

Grey House Publishing is proud to announce the publication of the fourth edition of *The Grey House Homeland Security Directory*.

This new edition contains 4,211 listings, 579 more listings than in the previous edition, and reflects dozens of organizational changes, hundreds more key personnel and hundreds more companies that supply products and services for the homeland security industry. Our editorial department has logged in hundreds of hours tracking all of the many re-organizations and turn-overs that have occurred in the Department of Homeland Security and its associated organizations in the last year.

The Grey House Homeland Security Directory is divided into five main sections: Federal Agencies, State Agencies, Companies, Industry Resources and Indexes. These main sections are divided into chapters and subchapters, making it easy to find the listing in which the user is interested.

The first section, Federal Agencies, is made up of 18 main chapters and 12 subchapters, covering 523 listings. These chapters cover the Department of Homeland Security, its Directorates, and relevant branches of the Federal Government. Each chapter begins with a listing of the department or branch's headquarters, formatted with gray-shaded for quick recognition. Listings are accompanied by a clear, concise description of how the listee is involved in homeland security, and all include a list of key officials, many with a direct phone line and email address.

The second section, State Agencies, contains 770 listings arranged into alphabetical state chapters. Our editorial department extensively reached out to State Agency officials in order to obtain more accurate and detailed listings, although there are varying numbers of listings across states due to inconsistencies in resources allocated to homeland security. The first listing in each state chapter is the main Homeland Security office, and includes the Governor, Lieutenant
