Grey House Publishing announces the Fourteenth Edition of *The Directory of Venture Capital & Private Equity Firms*

Grey House Publishing is proud to announce the publication of the Fourteenth Edition of *The Directory of Venture Capital & Private Equity Firms, Domestic & International*. This useful resource has experienced over a decade of success, bringing together both venture capital and private equity—for a total of 2,211 firms—into one comprehensive directory. This new edition has been extensively updated, offering valuable, current, and detailed information to individuals, entrepreneurs, and businesses worldwide.

This 2010 edition of *The Directory of Venture Capital & Private Equity Firms* includes 100 new firms, 306 other locations, and 2,525 partners or managing directors, bringing the total number of key executives, with detailed backgrounds, to over 10,000. In addition, there are more than 15,000 portfolio companies and 230 industry preferences.

Firms in *The Directory of Venture Capital & Private Equity Firms* are organized into two major sections, Domestic and International, and each is arranged alphabetically by company name. The Directory offers a comprehensive look at the industry, with detailed venture capital company profiles that include current contact information, a mission statement, industry group preferences, portfolio companies, geographic preferences, average and minimum investments, and investment criteria. Each firm's partners are listed with extensive background information, such as education (degree and school), professional background (previous positions and companies) and directorships held. The specificity of both the firm and its partners add to the value of each firm's profile.

As always, our update effort relied exclusively on individual phone calls, faxed update responses and Internet research. This Directory also contains five valuable indexes:

- **College/University Index** offers an alphabetical list of nearly 800 educational institutions worldwide – and the venture capital executives who attended them. Each listing includes the reference number of the affiliated VC firm of the executive listed.
