## **Grey House Publishing announces the Fifteenth Edition of *The Directory of Venture Capital & Private Equity Firms***

Grey House Publishing is proud to announce the publication of the Fifteenth Edition of *The Directory of Venture Capital & Private Equity Firms, Domestic & International*. This useful resource has experienced over a decade of success, bringing together both venture capital and private equity into one comprehensive directory. This new edition has been extensively updated, offering valuable, current, and detailed information to individuals, entrepreneurs, and businesses worldwide.

This edition of *The Directory of Venture Capital & Private Equity Firms* includes **279 new firms** and **1,722 new partners or managing directors**. These numbers bring this edition's totals to 2,332 firms, 10,169 key executives with detailed backgrounds. In addition, users will find more than 15,000 portfolio companies, 230 industry preferences, and 1,069 other locations.

Firms in *The Directory of Venture Capital & Private Equity Firms* are organized into three major sections, Domestic, International and a **brand new section of National and State Associations**. Each is arranged alphabetically by company name. The Directory offers a comprehensive look at the industry, with detailed venture capital company profiles that include current contact information, a mission statement, industry group preferences, portfolio companies, geographic preferences, average and minimum investments, and investment criteria. Each firm's partners are listed with extensive background information, such as education (degree and school), professional background (previous positions and companies) and directorships held. The specificity of both the firm and its partners add to the value of each firm's profile.

As always, our update effort relied exclusively on individual phone calls, faxed update responses and Internet research. This Directory also contains five valuable indexes:

- **College/University Index** offers an alphabetical list of nearly 800 educational institutions worldwide – and the venture capital executives who attended them. Each listing includes the reference number of the affiliated VC firm of the executive listed.

- **Executive Index** is an alphabetical list by last name of the more than 10,000 key partners and the listing number of their affiliated firm.
- **Geographic Index** organizes all firms by state for domestic listings and by country for international listings.
- **Industry Preference Index** alphabetically lists the more than 200 industry segments and the names of the firms that invest in them.
- **Portfolio Companies Index** alphabetically lists the more than 15,000 companies that received venture capital from a listed firm, and is referenced to that listing.

*The Directory of Venture Capital & Private Equity Firms* is now available on the Grey House OnLine Database, GOLD. With a subscription to GOLD, users can search by Firm Name, Geographic Location, Geographic Preferences, Portfolio Companies, Industry Group Preferences, Average Investment, Fund Size, Investment Criteria, Managing Partners and much more. This 2011 edition of *The Directory of Venture Capital & Private Equity Firms, Domestic & International* offers a valuable resource for those needing accurate and up-to-date information to research the investment community.

Praise for previous editions:

*“This yearly edition has been extensively updated and continues the high standards set by previous editions....There has been a great deal of volatility in the venture capital field, so it is important to have the latest edition to provide accurate information to your clients.”*

*- Judith J. Field, ARBA*

*“The Directory of Venture Capital & Private Equity Firms fills a need in providing information about these firms in the United States and overseas...[it is] an excellent starting point for locating venture capital firms.”*
