Grey House Publishing announces the Sixteenth Edition of *The Directory of Venture Capital & Private Equity Firms*

Grey House Publishing is proud to announce the publication of the Sixteenth Edition of *The Directory of Venture Capital & Private Equity Firms, Domestic & International*. This useful resource has experienced over a decade of success, bringing together both venture capital and private equity into one comprehensive directory. This new edition has been extensively updated, offering valuable, current, and detailed information to individuals, entrepreneurs, and businesses worldwide.

This 2012 edition of *The Directory of Venture Capital & Private Equity Firms* includes **208 new firms**, **165 new branches**, and **1,811 new partners**. These numbers bring this edition's totals to 2,495 firms, with 1,142 branches and 9,723 key executives in domestic and Canadian profiles alone. In addition, users will find more than 15,000 portfolio companies listed.

The Directory of Venture Capital & Private Equity Firms offers a current, comprehensive look at this rising industry. Profiles for all domestic and Canadian firms include, in addition to contact information, a mission statement, industry group preferences, portfolio companies, geographic preferences, average and minimum investments, and investment criteria. Each firm's partners are listed with extensive background information, such as education (degree and school), professional background (previous positions and companies) and directorships held. The specificity of both the firm and its partners add to the value of each firm's profile. Information for firms headquartered overseas includes name, phone, fax, email and website.

The Directory of Venture Capital & Private Equity Firms is organized into four major sections; Domestic Firms, Canadian Firms, Domestic Associations, and International Firms, each of which are listed alphabetically by name. This Directory also contains five valuable indexes:

- **College/University Index** offers an alphabetical list of nearly 800 educational institutions worldwide – and the venture capital executives who attended them. Each listing includes the reference number of the affiliated VC firm of the executive listed.
- **Executive Index** is an alphabetical list by last name of the more than 10,000 key partners and the listing number of their affiliated firm.

- **Geographic Index** organizes all firms by state for domestic listings and by country for international listings.
- **Industry Preference Index** alphabetically lists the more than 200 industry segments and the names of the firms that invest in them.
- **Portfolio Companies Index** alphabetically lists the more than 15,000 companies that received venture capital from a listed firm, and is referenced to that listing.

The Directory of Venture Capital & Private Equity Firms is now available on the Grey House Online Database, GOLD.
