## **Grey House Publishing Announces the 26<sup>th</sup> Edition of *America's Top-Rated Cities: A Statistical Handbook***

Grey House Publishing is proud to announce the publication of the 2019 edition of *America's Top-Rated Cities: A Statistical Handbook*. This new four-volume set offers current, comprehensive statistical information in one easy-to-use source on 100 cities that have been cited as the best for business and living in the United States. Conveniently arranged by city, this four-volume set allows readers to see—at a glance—a concise social, business, economic, demographic, and environmental profile of each city, including brief evaluative comments.

This 2019 edition of *America's Top-Rated Cities* includes cities that ranked highest and received the most points, using our unique weighing system. Cities new to this edition include: **Tyler, TX; Visalia, CA; and Evansville, IN.**

Each city chapter is divided into three major sections: Background (updated with significant news in both business and living environments), Rankings (enhanced with survey results over 300 sources), and Statistical Tables (updated with new data plus many new data points). Every chapter is followed by Comparative Statistics, which arrange the data across 125 tables. The five appendices and maps of each region will make finding specific or comparative data easy.

Each of the 100 city chapters begins with an informative **Background Essay** that combines history with current events. All city narratives have been updated to reflect changes that have occurred in the past year, and touch on the city's environment, politics, employment, cultural offerings, climate, and interesting trivia.

A section of **Rankings Information** includes rankings from over 250 books, articles, and reports. For easy reference, these Rankings are categorized into 16 topics, including Business/Finance, Dating/Romance, and Health/Fitness. Sources for these rankings include well-known magazines and other media, such as *Forbes*, *BusinessWeek*, *Fortune*, *Men's Journal*, and more.

Each city chapter includes a possible **126 tables** and detailed topics—69 in BUSINESS and 57 in LIVING. Over 95% of statistical data has been updated. In addition to more detailed data on individual income tax rates, the Health Risk section now includes four tables: Health Risk Factors; Health Screening and Vaccination Rates; Disability Status; and Acute and Chronic Health Conditions. New

subcategories include shingles vaccination and high blood pressure rates. The table on Disability Status is brand new and includes the following subcategories: adults who reported being deaf or blind; adults who reported having difficulty doing errands alone; adults who reported difficulty dressing or bathing; adults who reported having serious difficulty concentrating/remembering/making decisions; adults who reported having serious difficulty walking or climbing stairs; and adults who reported being limited in their usual daily activities due to arthritis.

*Business Environment* includes hard facts and figures on 10 topics, including City Finances, Demographics, Income, Economy, Employment, and Taxes. *Living Environment* includes 11 topics, such as Cost of Living, Housing, Health, Education, Safety, Recreation, and Climate.

**APPENDICES:** Each volume contains five helpful appendices:

Appendix A: **Comparative Statistics.** Shows city-by-city comparisons between cities. Each volume includes all 100 cities, making for easy comparisons.

Appendix B: **Current Metropolitan Area Definitions.** Features Core Based Statistical Areas (CBSA), Metropolitan Division (MSAD), and New England City and Town Areas (NECTA).

Appendix C: Lists of **Government Types and Counties.**

Appendix D: **Chambers of Commerce and Economic Development Organizations.** Includes addresses, phone numbers, and fax numbers of these additional resources to help readers find more detailed information on each city.

Appendix E: **State Departments of Labor and Employment.** A source of additional, more specific economic and employment data, with address and phone numbers for easy access.

#### FREE ONLINE ACCESS

Now, buyers of *America's Top-Rated Cities, Four-Volume Set* get two years of FREE access to *Top-Rated Cities Online*. Here, users can download City Reports, sort and rank cities by over 50 Data Points and access Customized Ranking Tables.
