Grey House Publishing Announces the 2020 Edition of *America's Top-Rated Cities: A Statistical Handbook*

Grey House Publishing is proud to announce the publication of the 2020 edition of *America's Top-Rated Cities: A Statistical Handbook*. This new four-volume set offers current, comprehensive statistical information in one easy-to-use source on 100 cities that have been cited as the best for business and living in the United States. Conveniently arranged by city, this four-volume set allows readers to see—at a glance—a concise social, business, economic, demographic, and environmental profile of each city, including brief evaluative comments.

This 2020 edition of *America's Top-Rated Cities* includes cities that ranked highest and received the most points, using our unique weighing system. Cities new to this edition include: **Jackson, MS; Lakeland, FL; Tuscaloosa, AL; Sacramento, CA; Tucson, AZ; Davenport, IA; Milwaukee, WI; Tulsa, OK; Wichita, KS; Cleveland, OH and New Haven, CT.**

Each city chapter is divided into three major sections: Background (updated with significant news in both business and living environments), Rankings (fun-to-read, bulleted survey results from over 250 books, magazines, and online articles), and Statistical Tables (updated with new data plus many new data points). Every chapter is followed by Comparative Statistics, which arrange the data across 127 tables. The five appendices and maps of each region will make finding specific or comparative data easy.

Each of the 100 city chapters begins with an informative **Background Essay** that combines history with current events. All city narratives have been updated to reflect changes that have occurred in the past year, and touch on the city's environment, politics, employment, cultural offerings, climate, and interesting trivia.

A section of **Rankings Information** includes rankings from over 252 books, articles, and reports. For easy reference, these Rankings are categorized into 16 topics, including Business/Finance, Dating/Romance, and Health/Fitness. Sources for these rankings include well-known magazines and other media, such as *Forbes*, *USA Today*, *Fortune*, *Men's Journal*, and more.

Each city chapter includes a possible 127 tables and detailed topics—70 in BUSINESS and 57 in LIVING. Over 94% of statistical data has been updated. In addition, a new table covering key congestion measures, has been added to the Transportation section. This table includes data on annual hours of delay and annual congestion costs.

Business Environment includes hard facts and figures on 10 topics, including City Finances, Demographics, Income, Economy, Employment, and Taxes. *Living Environment* includes 11 topics, such as Cost of Living, Housing, Health, Education, Safety, Recreation, and Climate.
