Grey House Publishing is proud to announce the 2023/2024 edition of *The New York State Directory*. Published annually since 1983, *The New York State Directory* is a comprehensive and easy-to-use guide for accessing public officials and private sector organizations and individuals who influence public policy in the state of New York.

The New York State Directory includes 45 chapters, arranged in eight sections, plus Appendices. A list of detailed sources appears in the Organization of Data that follows this introduction.

- **Section I** includes three chapters: **Executive Branch, Legislative Branch, and the Judicial Branch** of New York State government. This section profiles the public officials in the state's executive departments, administrative agencies, and court system. Detailed listings of departments and agencies appear in Section Two.
- **Section II** includes 25 chapters covering the most significant public policy issue areas from Agriculture to Veterans & Military. Arranged in alphabetical order, each **Policy Area** chapter identifies the state, local, and federal agencies and officials that formulate or implement policy. Each chapter ends with a list of **Private Sector** experts and advocates who influence the policy process.
- **Section III** is comprised of **four chapters with state and local government** information: Public Information Offices, U.S. Congress Membership & Committees, County Government, and Municipal Government.
- **Section IV** includes three chapters—lists and contact information for **Political Parties** and **Political Action Committees**, and a **Lobbying How-to Guide**.
- **Section V** has one **Business** chapter—Chambers of Commerce and Economic & Industrial Development Organizations. All listings have valuable contact information and key executives.

- **Section VI is News Media**—detailed listings for Newspapers, News Services, News Magazines, News Radio and News Television stations that serve New York State. Listings include current contact information, plus valuable key executives.
- **Section VII covers Education** in two chapters—New York State Colleges & Universities, and Public School Districts in the state.
- **Section VIII** includes 244 current, comprehensive **Biographies** of all New York state lawmakers: Executive, New York Senate, New York Assembly, U.S. Senate, and U.S. House of Representatives. All profiles include office addresses with phone numbers, fax numbers and email addresses, making it easy to contact these influential individuals.
