## **Grey House Publishing Announces the Release of *American Book Publishing Record Annual, 2023***

The annual editions of the *American Book Publishing Record* represent the accumulation of the 12 monthly issues of *American Book Publishing Record Monthly*. For this 2023 edition of *American Book Publishing Record Annual*, approximately 50,000 entries are represented for books published or distributed in the United States during 2022.

Entries in this title include the following elements when they are available:

- Title/Added Title/Subtitle
- Author/Edition Statement
- Publication Place
- Publisher
- Publication/Copyright Dates
- Dewey Numbers
- LC Classification Numbers
- LC Control Number
- ISBN
- Binding
- General/Contents Notes
- Price

Entries are updated with corrections obtained from the Library of Congress. This includes CIP entries which are updated to complete entries.

The Subject Headings in this edition of ABPR Annual Cumulative edition reflect the changes and additions of those in the 23<sup>rd</sup> edition of the Dewey Decimal Classification Schedule.

The format of entries reflects the ISBD (M) format with some modification. Briefly, the ISBD format divides the monographic bibliographic description into seven areas: (1) title and statement of authorship, (2) edition, (3) imprint, (4) collation, (5) series, (6) notes, and (7) ISBN. Binding and price are not divided by the conventional period-space-dash-space (. - ). Additionally, the ISBN, binding, and price have been positioned after the Library of Congress Classification Number(s), secondary Dewey Numbers (if present), and Control Number.

Some entries will also reflect some changes outlined by AACR2 cataloging rules with some modifications. For example, corporate authors as main entries will not have the spacing dividing the number, date, and location. The location will sometimes appear as added entry information.

*ABPR Annual* is split into two volumes. Volume 1 contains Dewey range 000— Computer science, information & general works to 600—Technology. Volume 2 contains Dewey range 700—Arts & recreation to 900—History & geography, Adult Fiction, Juvenile Fiction, Author and Title Indexes, and Subject Guide.

With *ABPR Annual*, you'll receive:

- Complete data on Machine Readable Cataloging (MARC) records received from the Library of Congress
- Bibliographic data organized in the Dewey system range 000-999, Adult Fiction, & Juvenile Fiction
- Three Indexes for easy access to information: Author, Title, and Subject Guide
