**Grey House Publishing Announces the 2025 Edition of  
*Food & Beverage Market Place***

Grey House Publishing is proud to announce the publication of the 2025 edition of *Food & Beverage Market Place*. This updated edition is the largest and most comprehensive resource of U.S. food and beverage manufacturers and service suppliers available on the market today.

In three information-packed volumes, *Food & Beverage Market Place, 2025* details nearly 35,000 company profiles that address all sectors of the industry—finished goods and ingredients manufacturers, equipment manufacturers, and third-party logistics providers, including transportation, warehousing, wholesalers, brokers, importers and exporters.

Each of the eight chapters in *Food & Beverage Market Place* reflects a massive update effort. This 2025 edition includes hundreds of new company profiles and thousands of updates throughout the three volumes. You will find 81,000 key executives, 23,056 web sites, and 14,310 e-mails. The volumes break down as follows:

- Volume 1 - Food, Beverage & Ingredient Manufacturers - 14,478
- Volume 2 - Equipment, Supply & Service Providers - 13,480
- Volume 3 - Third Party Logistics
  - Brokers - 1,287
  - Importers & Exporters - 8,801
  - Transportation Firms - 710
  - Warehouse Companies - 1,051
  - Wholesalers & Distributors – 6,017

In addition to company profiles, this edition has 17 indexes, 15 chapter-specific, arranged by geographic region, product or company type, and two—All Brands and All Companies—that comprise all three volumes. Plus, chapters include User Guides that help you navigate chapter-specific data.

We are confident that this reference is the foremost research tool in the food and beverage industry. It will prove invaluable to manufacturers, buyers, specifiers, market researchers, consultants, and anyone working in food and beverage—one of the largest industries in the country.

Praise for previous editions:

*“...This set can be used to find basic information or to track trends in a dynamic industry... Recommended for large public or academic libraries.”*

*“...Each volume contains helpful user guides and key that describes the field of data that appear in that chapter.... This publication is essential for researchers in the food industry, and large academic and public libraries.”*
