**Grey House Publishing Announces the Spring 2023 Edition of
*Weiss Ratings' Investment Research Guide to Stock Mutual Funds***

Grey House Publishing is proud to announce the publication of the Spring 2023 Edition of *Weiss Ratings' Investment Research Guide to Stock Mutual Funds*. Published four times per year, *Weiss Ratings' Investment Research Guide to Stock Mutual Funds*' purpose is to provide accurate, unbiased ratings and data to help citizens across the U.S. choose the most profitable stock mutual funds at the most efficacious times. Each guide provides a number of ways to locate data on over 20,000 stock mutual funds.

Weiss Ratings' realizes that past performance is an important factor to consider when making the decision to purchase shares in a mutual fund. The ratings and analyses in this *Investment Research Guide* can make that evaluation easier when considering stock mutual funds. The rating for a particular fund indicates Weiss Ratings' opinion regarding that fund's past risk-adjustment performance.

With investing such a complex subject and the enormous popularity of mutual funds as a simple way to enter the markets it is no surprise that consumers need assistance. It is a complex subject and consumers want unbiased, independent guidance in helping them find a path to investing that is focused on their needs.

The *Investment Research Guide to Stock Mutual Funds* is divided into seven main sections, preceded by an introductory section and followed by a thorough Appendix. Weiss' complete letter-grade rubric is detailed within the introduction as an easily accessible reference for users researching companies in this *Investment Research Guide*.

The introduction welcomes the user, lays out Weiss Ratings' mission statement, and presents a "**How To Use This Guide**" orientation to the book. The **Financial Strength Ratings** are explained in the book and a page of important **warnings and cautions** for the user to take into account when evaluating stock mutual funds.

Index of Stock Mutual Funds: This section contains Weiss Investment Ratings, key rating factors, and summary financial data for 20,000 Stock Mutual Funds. Over 30 data points are displayed for each stock, including data on Market, Fund Type, Objective, Overall Rating, Risk Rating, Reward Rating, Total Returns, Dividend & Yield, Expense Ratio, Asset Allocation, Turnover, Bull & Bear Market Total Returns & Fees.

Analysis of 100 Largest Funds: This section gives detailed analysis of the 100 largest open end and closed end stock mutual funds, listed by their asset size to give consumers the most detail and the best options.

Best All-Around Stock Mutual Funds: This section contains all ratings and analysis for Funds requiring a 5,000 or less investment and containing a billion or more in assets. Funds are listed in order of their 1-year return and overall ratings.

Consistent Return BUY Stock Mutual Funds in which mutual funds listed here prioritize a reputation for producing consistent returns.

High Performance Stock Mutual Funds: If your priority is to achieve the highest return, balanced with the amount of risk, these are the top mutual funds with the best financial performance along with their ratings, ratings factors, and financial data.

Low Volatility Stock Mutual Funds: For those who want to invest with minimal risk, these stock mutual funds are the top choices.

BUY Rated Stock Mutual Funds by Category: In this section top, BUY rated stock mutual funds are organized according to category.

The *Guide* ends with an Appendix containing two sections: an overview about **Weiss Ratings Investment Research Guides** a **Glossary** containing the most important terms used throughout the publication

Weiss Ratings' *Investment Research Guide to Stocks* presents the most comprehensive, accurate, and independent analyses and ratings of stocks in an accessible format, so users at any level can easily navigate through this incomparable resource. Since the *Investment Research Guide* is published quarterly, the information and ratings react quickly to changes in the industry, and users can rest assured that all ratings are up to date.
