## **Grey House Publishing Announces the 2025 Edition of *The Complete Learning Disabilities Resource Guide***

Grey House Publishing is proud to announce the publication of the 2025 edition of *The Complete Learning Disabilities Resource Guide*.

*The Complete Learning Disabilities Resource Guide* has been an important and sought-after resource for professionals, families, and individuals with learning disabilities since 1992. This twenty-fourth edition is the most comprehensive and current source of resources for the LD community available today, and a continual National Health Information Awards Winner for providing "...the Nation's Best Consumer Health Information Programs and Materials in the category of Health Promotion/Disease and Injury Prevention Information."

This twenty-fourth edition, with 4,541 listings, provides a comprehensive look at the variety of resources available for the many different types of learning disabilities, from those that occur in spoken language, to those that affect organizational skills. It includes a wide array of testing resources, crucial for early diagnosis, and is arranged in subject-specific chapters for quick and effective research.

Arranged into 21 major chapters and 100 subchapters including Associations, National and State Programs, Publications, Web Sites, Schools, Learning and Testing Centers, Summer Programs, and much more, this guide makes it easy to pinpoint the exact desired reference. Listings provide thousands of valuable contact points, including 10,000 key executives, web sites, fax numbers, descriptions, founding year, designed-for age products, and size of LD population for schools.

With valuable information for not only those individuals with LD, but also for parents, teachers and professionals, this edition offers answers to legal and advocacy questions, as well as specially designed computer software and a full range of assistive devices.

This one-stop resource is the only guide you'll need. It assures those in the LD community that this crucial information is readily available at every school and library across the country, not just at state or district level special education resource centers. Now, every special education

teacher, student, and parent can have, right at their fingertips, a wealth of information on the critical resources that are available to help individuals achieve in school and in their community.

## **TWO YEARS OF FREE ONLINE ACCESS**

Buyers of the 2025 print edition receive two years of free online access to thousands of helpful resources in this powerful database. With an online subscription, users can access all of the knowledge the print edition has to offer... all just a click away.

### **Praise for Previous Editions:**

“This is a must-have resource for individuals who work with people with different types of learning disabilities...any professional, parent, or student wanting to learn more. This is **by far the best** of all the resources available for learning disabled individuals. No need to search the Internet to find this information; this book provides it all at your fingertips!”

—*Doody’s Review Service*

“This title would be a tremendous asset to any professional, parent, or student who seeks to deepen their knowledge about challenges and rewards of recognizing different learning styles and behaviors which may one day not be seen as a ‘disability.’”

—*Pinnacle Health System*

“By virtue of its size, comprehensiveness, and frequency of updates, this directory stands out as a singularly important resource for academic and public libraries. It is highly recommended.”
