Grey House Publishing is proud to announce the publication of the fifth edition of *Profiles of Wisconsin*. This new edition of *Profiles of Wisconsin* includes all the valuable, in-depth and up-to-date information that these works are known for, but now, this rich content has been reorganized and rearranged, and is fully illustrated with images to support the text and statistics. It is easier to use and more accessible for a variety of users—from high school students to relocation professionals.

This edition benefits from a new design, more data, more photos, and a new, thoughtful arrangement that makes the content more accessible and easy-to-use. There are more helpful features, like thumb tabs to help keep you oriented in each chapter—now 11—and chapter leader pages that include a specific Introduction, Table of Contents and, in many cases, a unique User Guide, paving the way for the researcher to take full advantage of every last piece of data presented. *Profiles of Wisconsin* includes hundreds of statistical data points, tables and charts that provide solid, fact-based research, and dozens of maps and photos.

The new chapter arrangement is as follows:

- About Wisconsin: Facts & Photos
