Grey House Publishing Announces the 2023 Edition of The *Guide to Venture Capital & Private Equity Firms*

Grey House Publishing is proud to announce the publication of the 2023 edition of the *Guide to Venture Capital & Private Equity Firms*. This useful resource has experienced decades of success, bringing together both venture capital and private equity organizations into one comprehensive directory. This new edition has been extensively updated, offering valuable, current, and detailed information to individuals, entrepreneurs, and businesses worldwide.

This 2023 edition of the *Guide to Venture Capital & Private Equity Firms* is the most current, comprehensive picture of this dynamic industry to date. Hundreds of domestic and Canadian firms have been updated, along with the addition of hundreds of new managing directors and key contacts. Front matter includes a helpful User Guide and two industry reports that offer insight into the current state of this dynamic industry segment. Highlights include:

- VC investment in the U.S. declined in 2022, after its previous highs, due to a cloud of uncertainty on the world stage;
- Resilient sectors include energy, business productivity, cybersecurity, and healthcare;
- Interest in food and grocery delivery, consumer retail, and eCommerce falls;
- M&A activity in the U.S. is expected to increase over the next quarter or two.

The *Guide to Venture Capital & Private Equity Firms* is organized into four major sections: **Domestic Firms, Canadian Firms, International Firms, and National & State Associations**, each of which are listed alphabetically by name. All domestic, Canadian, and international profiles include: a mission statement, industry group preferences, portfolio companies, geographic preferences, average and minimum investments, and investment criteria. Each firm's partners are listed with extensive background information, such as education (including degree and school), professional background (including previous positions and companies), and directorships held. The specificity of both the firm and its partners add to the value of each firm's profile. Information for firms headquartered overseas includes name, phone, fax, email and website.

This resource also contains five valuable indexes:

- **College/University Index:** Offers an alphabetical list of more than 1,000 educational institutions worldwide—and the venture capital executives who attended them. Each listing includes the reference number of the affiliated VC firm of the executive listed.
- **Executive Index:** An alphabetical list by last name of over 10,000 key partners and the listing number of their affiliated firm.
- **Geographic Index:** Organizes all firms by state for domestic listings and by country for international listings.
- **Industry Preference Index:** Alphabetically lists the more than 900 industry segments and the names of the firms that invest in them.
- **Portfolio Companies Index:** Alphabetically lists the more than 49,500 companies that received venture capital from a listed firm, and is referenced to that listing.
